

Fire safety information for public housing residents

What to do if there is a fire

This is important information about fire safety for people who live in public housing. It tells you what to do if there is a fire in your home or building.

Please read this information carefully.

Keep this booklet in an easy-to-reach place.

If you want more information please call the Housing Call Centre 13 11 72.

This information is for people who live in a...

House or townhouse

Apartment building
(3 storeys or less)

High-rise building
(4 storeys or more)

What to do if there is a fire in your home or building

Call triple zero if there is a fire
000
ask for 'fire'

If there is a fire in your home or building

Get down low and stay out of the smoke.

If you are safe, **warn other people** about the fire.

Close the door to the room where the fire is, and the door of your home as you leave.

Get out of the building and stay out.

Call triple zero (000) and ask for 'fire'.

If you can't evacuate

If you can't leave the building **call triple zero (000)**.

Ask for 'fire' and tell them you need **evacuation assistance**.

fire equipment in your home or building

Type of fire equipment in your home or building

House or
townhouse

Apartment building
(3 storeys or less)

Smoke alarms

Your home has **smoke alarms** that:

- only make a noise inside the building – they do not call the fire brigade
- you need to test monthly – press down the button at the centre of the smoke alarm (called the ‘test and hush button’) until you hear ‘beep beep beep’
- you need to dust regularly and gently around the outside.

You **do not** need to replace the battery on your smoke alarm.

Call the Housing Call Centre on 13 11 72 if your smoke alarm does not go ‘beep beep beep’ when you test it.

**Test your
smoke alarm
every month**
You should hear
« beep, beep, beep »

False alarm

If your smoke alarm starts beeping when there is no emergency (for example, if you burn food), you can wave a towel or newspaper under the smoke alarm to move clean air through the alarm. This will stop the alarm.

fire equipment in your home or building

Type of fire equipment in your home or building

High-rise building
(4 storeys or more)

Smoke alarms

Your home has **smoke alarms** that:

- only make a noise inside the building – they do not call the fire brigade
- you need to test monthly – press down the button at the centre of the smoke alarm (called the 'test and hush button') until you hear 'beep beep beep'
- you need to dust regularly and gently around the outside.

You **do not** need to replace the battery on your smoke alarm.

Call the Housing Call Centre on 13 11 72 if your smoke alarm does not go 'beep beep beep' when you test it.

Sprinklers

Your building has **sprinklers** that:

- alert the fire brigade when activated
- spray water when activated
- activate the building evacuation tone.

Do not hang items from sprinkler heads.

Call the Housing Call Centre on 13 11 72 if your sprinkler starts to leak water.

Exposed

Concealed

Smoke detectors

Your building has **smoke detectors** that:

- are installed in public corridors and lift lobbies only
- alert the fire brigade when activated
- activate the building evacuation tone.

Do not touch or remove smoke detectors.

Call the Housing Call Centre on 13 11 72 if you see a damaged smoke detector.

Stay fire-safe at home

Candles and oil burners

Don't leave the room when a candle or oil burner is alight.

Don't go to sleep when a candle or oil burner is alight.

Heaters

Keep all fabric such as clothing and curtains well away from heaters.

Turn off heaters before you leave your home or if you are going to bed.

Cigarettes

Don't smoke in bed.

Use a heavy and high-sided ashtray if you smoke on your balcony.

Dampen used cigarettes with some water before you put them in the rubbish bin.

Don't litter.

Cooking

Always stay in the room while food is cooking.

Turn off the stove before you leave the room.

Don't leave the oven on if you are not home.

Other important information

Fire safety in your building is everyone's responsibility.

Make yourself aware of what your home has to warn you if there is a fire.

If you see rubbish or other items that could fuel a fire or block your escape in an emergency, **report it to the Housing Call Centre 13 11 72.**
